

Dear Parents,

Tuesday night, September 25, the Private Schools Association will have its initial meeting for the Sports Calendar. This meeting will cover the basic philosophy of the program and the schedule. Matches may even begin that evening if enough participants/teams have formed.

Your first information about this program was introduced Parent Night in August. This is the program that deals with volleyball, then basketball, and then soccer. The cost is very minimal, \$20 per sport, and that deals with hiring referees and a small donation to the rent cost that Odyssey School incurs. (They are the host school and share their facilities.) Directions are attached.

Many of the schools have already organized their teams. What we need to do is attend the meeting if you are interested. Erika Lima, Marcos's mother, has agreed to be the point person. It is necessary that parents be responsible for the practice sessions, where to be held, and transportation to the Tuesdays matches. (Schedule is attached).

If you are going to participate, please let Mrs. Lima know as soon as possible because we are to submit names and ages so teams can form. Sometimes a school does not have enough representatives to form a team, so we join with other schools. This is a wonderful opportunity for our children to play without being on extremely competitive teams.

Erika's contact information is as follows:
